

SUNDAR SHRESTHA

Full Stack Developer

PROFILE

Enthusiastic Full Stack Developer with a strong foundation in HTML, CSS, JavaScript, and MERN. Experienced in building responsive and user-friendly web applications using the MERN stack. Skilled in translating Figma designs into interactive interfaces and integrating APIs for dynamic functionality. Passionate about creating intuitive digital experiences and eager to grow in a collaborative development team.

EXPERIENCE

- Quality Assurance Intern | Digital Pulz (PVT LTD) Malabe (Oct 2023 – Jun 2024)**
Developed automated test scripts using Selenium, ensuring UI stability.
Gained strong attention to detail and usability, which I now apply in frontend development.

PROJECTS

- Stock Option | Full Stack stock trading platform**
Built a React-based dashboard for real-time stock monitoring and trading.
Used Technology : MongoDB, Express, React, Node
GitHub Link : <https://github.com/sundar112/StockOption>
- LMS - DBMS-Based Learning Management System**
Designed and developed React-based course management dashboards.
Used Technology : MongoDB, Express.js, React.js, Node.js, Selenium
Role : Developer – Course Management
GitHub Link : <https://github.com/sundar112/Aspirus-Learning-Management-System.git>
- EZTraval | Travel Guide and hotel booking system**
Developed a web application that allows users to explore, book, and rate hotels, similar to a mini version of Airbnb.
Used Technology : MongoDB, Express, Node
GitHub Link : <https://github.com/sundar112/EZ-Traval>
- Dhamma Quiz**
Created a mobile application to promote Buddhist knowledge through interactive quizzes.
Used Technology : Flutter, MongoDB, Node
Play Store Link : https://play.google.com/store/apps/details?id=com.dhamma.quiz&pcampaignid=web_share
- RMS - DBMS - Based Restaurant Management System**
Contributed to developing an Inventory management system that can insert, update, and delete inventory products.
Used Technology : MySQL, Java, JSP, CSS, JS, Tomcat
Role : Developer – Inventory Management
GitHub Link : https://github.com/sundar112/ITP_RMS.git
